

Village of Batavia, Clermont County, Ohio
Sewer Backup Damage Policy

The Village of Batavia provides financial assistance for property owners in the event of a sewer backup. This offer is not an admission of fault or liability by Batavia or the Clermont County Water Resources Department, but is an effort to protect public health and safety.

When a sewer system in the village maintained by Clermont County backs up, the Village of Batavia, through the Water Resources Department, may pay to clean up solid waste or debris or to sanitize the owner's real property that has been affected. That payment is subject to the cost of the cleanup or sanitization and any deductible, as set forth below. The village may pay for cleanup or sanitization regardless of whether insurance or other reimbursement coverage is in force.

If insurance or other reimbursement coverage applies, the claimant must provide the information requested below. The amount of payment shall be determined after the Director of the Water Resources Department considers the actual cost of cleanup or sanitization and the applicable deductible, if any. The amount of the payment may or may not equal the cost of the cleanup or sanitization.

Upon completion of cleanup or sanitization and presentation of the bill for those services, the Village of Batavia will pay either the service provider or the property owner upon proof that the owner has paid the bill.

Property Owner Responsibility

Provide the following information to the Clermont County Water Resources Department:

Type and date of backup: _____

Property owner: _____

Property address: _____

Daytime telephone number(s): _____

The property owner does not have or does have (*circle one*) insurance or other reimbursement coverage.

Insurance company: _____

Insurance representative name: _____

Insurance representative telephone: _____

Claim number: _____

Provide a copy of the insurance or other reimbursement coverage documentation showing the property address, the owner's name, and the applicable deductible.

The above information is true and correct and is presented requesting financial assistance from the Village of Batavia for cleanup or sanitization required because of water or sewer damage.
